Heavy Duty

PRO PASTE

Heavy Duty, Natural Hand Cleanser

Opus PRO is a natural hand cleaner that is non-alkaline and solvent-free. It eliminates potential skin problems liable to be experienced by those who are hypersensitive to the solvents used in some heavy duty hand cleaning gels.

The triple citrus fragrance in Opus PRO makes it more pleasant to use, leaving no unpleasant smells on the hands to mar the enjoyment of food at break times.

Opus PRO is biodegradable, and is formulated with ground walnut shells as an environmentally-friendly scrubbing agent, which is biodegradable and which does not clog drains.

Opus PRO cleans deep into the pores without irritating the skin, creating a rich lather that rinses freely.

Opus PRO is in the form of an off-white paste which is pumpable and thus easily dispensed through our Opus dispensing systems. Please ask about inexpensive yet reliable Opus dispensers.

The product is thoroughly viable in use.

Opus PRO removes grease, oil, diesel residues, bitumen etc., and general grime quickly and easily, without damaging the skin. A small amount should be rubbed into the hands and a little water added. Wash vigorously, then rinse, and thoroughly dry the hands.

COSHH Data: An EC safety data sheet (MSDS) providing additional information is available on request.

Packaging Sizes:

- 1 litre sealed refill cartridges for use with the Opus 1 litre wall-mounted cartridge dispenser.
